Hi David - I hope you enjoyed the weekend.
Did you get my message about the new proposal
that I mentioned? I read some more information
about it in the New Yorker and Wall Street
Journal. It does sound pretty interesting and I
think it could open up some very interesting
possibilities for us. There are quite a few options
for us to take into account and consider but if you
can check the web links that I send through you
could check that material.

The conversation had ended.
Please make sure your phone is hung up.
