

A middle-aged man with glasses is shown in profile, talking on a black telephone. He is wearing a light-colored, short-sleeved button-down shirt. The background features a wooden bookshelf filled with books and a framed picture on the wall.

**When my hearing got worse, I stopped using the phone. But with relay calls I can ring and talk to my friends again.**

A phone solution for people who are deaf or have a hearing or speech impairment

# Hello friends and family!

You know that I have trouble hearing. But I *can* use the phone. The **National Relay Service** (NRS) helps me have phone conversations just like anyone else.

Ring me through the NRS on **133 677** and, when asked, dial my phone number .....

When the relay officer comes on the line talk to them just as if you were talking to me.

You can ring me anytime from anywhere in Australia. The call won't cost any extra and our privacy is protected by law.

From .....
